

THE CITY OF SAN DIEGO

August 29, 2012

TR 325, 581

Allen Jones, Chair
Navajo Community Planners Inc.
H.G. Fenton Company
7577 Mission Valley Road, Suite 200
San Diego, CA 92108

Dear Mr. Jones:

This is regarding the posted speed limit on Golfcrest Drive between Navajo Road and Tuxedo Road. Local Governments must follow the procedures set by the State of California when setting speed limits on public streets. The California Speed Trap Law (California Vehicle Code Section 40802) requires that the City survey the prevailing speeds on classified streets every seven years in order to keep our speed limits radar enforceable under the provisions of the law.

We have recently surveyed this segment of Golfcrest Drive in the community of Navajo. The new speed survey shows that the existing 30 mile per hour speed limit for northbound and southbound traffic must be increased to 35 miles per hour in order to remain radar enforceable. Therefore, we will be changing the posted speed limit from 30 miles per hour to 35 miles per hour in both directions.

It is our practice to notify the community planning groups before changing the speed limit. If you have any questions concerning this action please contact Claudia Brizuela (619) 533-3613 within the next 30 days.

Sincerely,

Gary Pence
Senior Traffic Engineer
