Re: Response to public comments on the draft San Diego River Park Master Plan

Dear Mr. Jones and Members of the Navajo Community Planners,

We are excited to come back to the Navajo Community Planners in December 2012 as an 'Action' item and will be seeking your recommendation of adoption of the Master Plan and the associated amendments to the Mission Trails Design District Ordinance and the Navajo Community Plan. With the input from the Community Group over the last 12 years we believe we have a Master Plan that now balances the environmental issues and future development interests along the river.

Attached is a matrix with responses to all the comments we received from Community Groups and Park Advisory Bodies based on the 2010 draft Master Plan/Amendments. Many of the comments have been incorporated into the 2012 draft Master Plan/Amendments. Please note comments in 'italics' will be added to the final public hearing draft Master Plan/Amendments. We hope that the attached matrix will answer your comments and concerns prior to our meeting in January 2013.

The project documents are available for review and are posted on the City's website at:
<http://www.sandiego.gov/planning/programs/parkplanning/sdriverplan.shtml>.

The EIR is available for review and is posted on the City Clerk's website at:
<http://clerkdoc.sannet.gov/Website/publicnotice/pubnotceqa.html>. Public comments on the EIR are due to the city on December 24, 2012.

We look forward to our meeting in December 2012 and obtaining your support of the San Diego River Park Master Plan and associated amendments.

Sincerely,

Robin Shifflet, Project Manager
