Hello Anthony-

I just learned that you are the NCPI Chair. We are concerned about the recent traffic accidents that have occurred at Cowles Mountain Boulevard and Boulder Lake. I grew up in that area and either lived there, had family that have lived there or owned property within 4 blocks of that area for the last 41 years. We currently own property very near that intersection. People have driven wildly down Cowles Mountain Boulevard for ages. Please consider putting in a 4-way stop at this intersection.

Thank you.

Benetta Buell-Wilson
