

THE CITY OF SAN DIEGO

August 15, 2013

TR 330, 365

Matthew Adams, Chair  
Navajo Community Planners Inc.  
adams.navajo@cox.net

Dear Mr. Adams:

This is regarding the posted speed limit on Navajo Road between Boulder Lake Avenue and Bisby Lake Avenue. Local Governments must follow the procedures set by the State of California when setting speed limits on public streets. The California Speed Trap Law (California Vehicle Code Section 40802) requires that the City survey the prevailing speeds on classified streets every seven years in order to keep our speed limits radar enforceable under the provisions of the law.

We have recently surveyed the above segment of Navajo Road and the results of the study indicate that the existing 35 mile per hour speed limit for the eastbound and westbound direction of traffic must be increased to 40 miles per hour in order to remain radar enforceable. Therefore, we will be changing the posted speed limit from 35 miles per hour to 40 miles per hour in both directions.

It is our practice to notify the community planning groups before changing the speed limit. If you have any questions concerning this action please contact Claudia Brizuela (619) 533-3613 within the next 30 days.

Sincerely,

Biljana Dekic  
Associate Traffic Engineer
