

Allied Gardens/Grantville Community Council Report

NCPI

May 8, 2019

We have a couple of important matters coming up in May 2019.

- On May 15, 2019 at 11:00 a.m. Zephyr will hold their opening ceremony at new premises created from the old Motel 6 on Alvarado Canyon Road. The community outpouring for the Zephyr residents has been remarkable and the AGGCC will continue in those efforts.
- On May 18, 2019 beginning with work crew assembly at 9:20 a.m. in the Benjamin Library parking lot we will work on the Zion Avenue trees – mulching, watering, fertilizing, and preparing them for the coming year.
- On May 28, 2019 we will hold our Town Hall Meeting (6:30 p.m. at the Benjamin Library). Steve Dahms has arranged a presentation by San Diego Gas & Electric on their new Time-Of-Use Pricing” billing structure. Every homeowner should have command of the intricacies of this program.
- Our work on the possibility of an off-leash dog park in the Allied Gardens Park continues. We need more dog owners to step forward.
